## MEDICAID ALERT

**TO: Service Coordinators**

**SUBJECT: Scheduled BRIDGES System Upgrade Completed**

The planned system upgrade scheduled for July 12-13 to the BabyNet Reporting & Intervention Data Gathering Electronic System (BRIDGES) has been completed successfully. The BRIDGES system is back online and available for all users. For details about this round of upgrades made to the BRIDGES system, please see the alert sent on July 12, which is [available on the South Carolina Department of Health and Human Services' \(SCDHHS\) website](#).

This is the first of several system upgrades that SCDHHS will make to the BRIDGES system through October 1, 2019, as we complete our integration effort. SCDHHS will inform the BRIDGES user community ahead of additional planned upgrades through alerts.

Thank you for your continued support of the South Carolina Healthy Connections Medicaid program.
